

THE
WAPECHI
COLLECTION

2025 FORWARD

The Wapechi Collection is a collection of global investments ranging from timeless properties and invaluable hospitality products.

The Collection focuses on acquiring and operating a significant value-add to all various potentials. Partnerships are noted with high level of service and favor.

Each property and product is unique, with certain elements that characterize all of them -- a beautiful natural location, disruptive idea + execution, or exceptional service, etc.

A FEW WORDS

In my early years, I took advantage of the vast amount of travel that graced my family from my adventurous parents. From a young age -- the bubble was burst. Culture, tastes, sights and sounds were always new and robust in the summers as a child. And due to that blessing, I have always been inspired and further missioned to push the travel sector *forward*. Through any good and honest vessel, I aim to use what I have to open the door and place a ladder down. The travel sector is in dire need of good investors in order to compliment the tons of good people who keep the sector afloat.

That is why I started **The Wapechi Collection** four years ago ~ a collection of investments that aim to push the sector *forward*.

onto *forward* in 2025!

PAY ME IN PLANE TICKETS: THE PODCAST

Erected in 2022, this media venture continues as it aims to honor the adventurer who chose the path less traveled. Travelers from all walks of life, share their stories of exploration, discovery, and self-transformation. Each episode is a unique and inspiring journey, as we delve into the lives of our guests and learn about the places they've been, the people they've met, and the lessons they've learned along the way.

THE FUTURE HOLDS

Despite delays, headwinds and turbulence, our team has shown continual dedication to making a positive impact.

Continued Collaboration

Ghana remains a vital focus to the portfolio. **The Collection** remains proud of the country and ongoing efforts to boost tourism with investment and travel reforms.

Marketing From Within

Pay Me in Plane Tickets is a successful podcast and marketing effort that serves a two way opportunity for both the guests and brand. PIMPT **Stories**, **Travel: What if** and **Hub** - are new additions to the venture beginning in 2025.

Forever Giving

The Wapechi Collection is working towards the 2026 launch of the **See It To Believe It Foundation** as an active commitment to gifting travel and experiences to the unfortunate many who are left out.

A NOTE AS WE CLOSE

We are different, we are quirky, and we are contrarian. We are a vertically integrated investment company focused on increasing value on all fronts that the firm touches. We are little but loud, we are small but mighty.

"It's easier to criticize than to create. Choose to create."
